King Tut was buried with 145 pairs of loincloth underwear; the average newborn baby spends 113 minutes a day crying; Jimi Hendrix and Neil Young stole a truck to get to Woodstock in time to perform; players on the Chicago White Sox haven't worn white socks since 1948; garlic and onions are both members of the lily family. These are but a few of the fascinating tidbits in this follow-up to the best-selling Uncle John's Bathroom Reader Extraordinary Book of Facts. Handily organized into hundreds of topics from sports and entertainment to word origins and science, the book is equally useful for short stays or extended visits.
