Android is a board game of murder and conspiracy set in a dystopian future. Detectives travel between the city of New Angeles and moon colony Heinlein chasing down leads, calling favors, and uncovering the sinister conspiracy beneath it all. The detectives must balance their pursuit of the murderer against their personal lives and inner

demons.

Android's innovative mechanics ensure that no two detectives play alike. Will you play as Louis Blaine, the crooked cop tormented by guilt and loss? Or will you take the role of Caprice Nisei, the psychic clone who struggles to retain her sanity while proving she's just as human as anyone else?
