Gemma and Alice have been best friends since they were both born on the same day in the same hospital. It doesn't matter that Gemma loves soccer while Alice prefers drawing, or that Gemma is always getting into trouble while Alice is a model student and daughter. But when Alice has to move, their friendship is put to the test. They call each other and write letters, but they're used to seeing each other every day. Can Gemma bear to celebrate her birthday without Alice? Can she stand it when Alice starts making new friends? And with Alice living hundreds of miles away, will they ever see each other again?
