Aimed at the novice artist, the book is organized around simple guidelines, which help the reader to progress in a structured manner and achieve satisfying results. The book is structured into four sections - drawing, watercolor, acrylics and oils. Each section

opens with an overview of materials and basic techniques, and then moves on to achievable step-by-step projects that will help to train the reader's eye and develop their painting or drawing skills. Clear explanations of basic principles encourage readers to tackle subjects ranging from simple studies to landscapes and portraits, and galleries of contemporary artwork illustrate how successful artists approach different topics and techniques. Written by practicing artists, whose enthusiasm will inspire as well as guide, this book brings a breath of fresh air to practical art teaching. With vibrant artworks and engaging text, the books encourage the reader to experiment in order to develop their skills and gain confidence.
