Now restored to print, here is philosopher Jacob Needleman's groundbreaking study of America's alternative spiritual movements, with a new introduction by the author.

Originally published in 1970, *The New Religions* was the first full-scale study of alternative spirituality in America. It remains unparalleled for the intellectual depth and seriousness with which it regards Eastern, New Age, and alternative faiths on the American landscape.

这是一本充满偏见的书，但是与书中所写相比又似乎稍微没那么招人讨厌了。
