The first in a series celebrating entrepreneurial genius, Babes in Business Suits showcases the work and accomplishments of the world's top female entrepreneurs. These women hail from vastly different backgrounds and are each unique in their own right, but they all share one common characteristic-success. This book features twelve ordinary women who have reached extraordinary heights within their chosen fields. These women share their most intimate of secrets detailing their journey to reaching the top. Their stories, trials, and tribulations will motivate and inspire you to achieve all of your goals.
