著者:Dougal Dixon

出版者:Picture Window Books

出版时间:2009-09

装帧:Paperback

isbn:9781404859067

This is the complete resource for the young dinosaur enthusiast. Written by dinosaur expert Dougal Dixon, this book presents a diverse collection of dinosaurs. Life-like illustrations and size comparisons provide readers with an up-close look at these extinct creatures. Dougal Dixon has written over 120 books including many on dinosaurs. He has also worked on an excavation of a Stegosaurus skeleton and won the Times Educational Supplement Primary School Book Award for Science in 1996. This book includes: live-like illustrations on over 150 unique dinosaurs; size comparison charts; photos of living animals that resemble their pre-historic ancestors; pronunciation guide; glossary; and, additional recommended reading.
