Book & CD-ROM. Grounded in the 40 Developmental Assets (r), a research-based framework for healthy child development, this inspirational activity book lets kids have fun while building new skills and character. Kids are prompted to finish a colouring

page with their own ideas and dreams while synopses of nearly 100 books include follow-up questions and ideas for taking the book's lessons even further. Fun for every grade level and area of interest is provided through word games, community-building games, team-building games, and more. Included with the book is a CD-ROM of reproducible handouts to engage kids even further, rounding out this ideal tool for teachers, day-care providers, and after-school program providers.
