'Eight years later the City of Duncie has forgotten about Bran. Even his foster parents

don't seem to know he exists. But there are those who have been watching, biding their time, waiting to strike, people who know where Bran came from and why he was sent away. And they will do anything to get Bran back, dead or alive - The Farfield Curse brims with mystery, magic, and fun. Kaleb Nation's wry sense of humor kept me smiling, even while the mystical sparks flew. Get ready for lots of surprises and watch out for gnomes!' - D.J. MacHale, author of the "Pendragon Series". 20 Yr old Kaleb Nation is a born marketer and this is his first novel. He has two websites. They've received over a million hits each. Kaleb has at least four online fan clubs and has also appeared in "Business Week" and "Entertainment Weekly".
