This is a special break-out edition adapted from the authors widely used International Business Transactions: A Problem-Oriented Coursebook, now in its 10th edition (2009). The purpose of this volume is to facilitate a focused study of the contractual issues arising out of international sales transactions. After a brief introduction to the conduct of business in the world community, the book uses hypothetical problems to present some of the most typical and important contract law issues arising out of international sales transactions in order to make the purpose and relevance of the readings clear. The primary focus is on lawyers, public and private, as problem solvers
