Rivals for Power is a lively description of the power struggle between the president and Congress. In it, leading congressional and presidential scholars and knowledgeable former public officials consider the historical, political, and constitutional foundations of conflict between the two branches. The authors give practical advice about how to build cooperative policymaking between the president and Congress as they struggle over major crises in solving economic problems and addressing domestic issues and the challenges in defense and foreign policy making. The book features original academic research and practitioner knowledge from the White House and the Hill. This fourth edition includes all new essays with unique and critical viewpoints on the role of the president and Congress in the policy making process. Many of the essays focus on lessons learned about cooperation and conflict between the two branches from the Clinton and Bush presidencies. The essays include preliminary analyses of President Barack Obama's relationship with Congress. Because the authors have made major contributions as congressional and presidential scholars, and have played key roles in Congress, in the White House, in the media, and as lobbyists, each chapter presents a different perspective. The new edition of Rivals for Power is intended for students, scholars, public officials, the media, and the general public. Contributions by Gary Andres, Richard S. Conley, Roger H. Davidson, The Honorable Mickey Edwards, Louis

Fisher, Patrick Griffin, The Honorable Lee H. Hamilton, Mark J. Oleszek, Walter J. Oleszek, John E. Owens, James P. Pfiffner, Mark J. Rozell, Andrew Rudalevige, Barbara Sinclair, Mitchel A. Sollenberger, James A. Thurber, Stephen J. Wayne, and Joseph White.
