Take the TExES and Start Teaching High School Math REA's new Texas TExES test prep was designed to help teacher candidates in Texas pass the TExES 135 Mathematics exam and start teaching Our test prep is perfect for students, out-of-state teachers, and

career-changing professionals who are looking to become a Texas High School (Grades 8-12) Mathematics teacher. The book is completely aligned with the most recent TExES 135 exam and targets exactly what teacher candidates need to know to excel on the test. A comprehensive review guides prospective high school teachers through all the content topics tested on the TExES, including: Number Concepts, Patterns and Algebra, Geometry and Measurement, Probability and Statistics, Mathematical Processes and Perspectives, Mathematical Learning, Instruction, and Assessment. The test prep includes two full-length practice exams that create the closest experience to test-day conditions. Teacher candidates can identify their strengths and weaknesses while reinforcing their skills and testing their teaching knowledge. Our test prep comes complete with detailed explanations of practice test answers, a customized study schedule, and REA's test-taking strategies and tips. This book is a must for anyone seeking certification as a Math teacher in Texas "REA books and software have proven to be the extra support teacher candidates need to pass their challenging test for state licensure. Our comprehensive test preps are teacher-recommended and written by educators who have mastered the test and the related program of study. "
