Peachtree is a software application used by businesses to manage many of their accounting tasks. Companies across the country rely on Peachtree's reliable results, and have therefore made it a valuable supplement for any computerized accounting course! Peachtree 2009 software is available for use in packages only and cannot be sold separately. This Peachtree 2009 supplement does not have an expiration date. If you are interested in updated Peachtree software, 2010 (ISBN: 0132552043) and 2011 (ISBN: 0132858207) versions are available for use in packages as well. NOTE: Beginning in 2012, the Peachtree 2012 software will time-out after 15 months of use.
