Find debt relief by filing bankruptcy with this all-in-one-book. If you have more debt than you can possibly pay off, the bankruptcy system is there to help -- and with *How to File for Chapter 7 Bankruptcy*, you'll find the clear and user-friendly information, advice and forms you need to get through the entire process. First, the book will help you determine whether you qualify for Chapter 7 -- and whether it is the best way to deal with your debts. Then you'll find out how to: stop wage garnishments and attachments, fill out and file all the forms, cancel as much debt as possible, deal with secured debts, keep the maximum amount of property, keep your home, if possible, rebuild credit after bankruptcy. The 16th edition is revised to include the most recent forms and figures, changes to state exemption laws (which determine what property bankruptcy filers may keep), and the latest court decisions. Please note: This book does not cover business bankruptcies, farm reorganizations or individual repayment plans (Chapter 13). For Chapter 13 bankruptcy, see Nolo's *Chapter 13 Bankruptcy*.
