Ages 4 to 8 years. A delightful story that encourages children to put down the TV remotes and video-game controllers and take a look at the wonder of the world around them. P K Hallinan uses lively rhyming verse to entice children to delight in the wonders of the world around them. Given a pair of 'lookers' by their mum, two boys soon realise that the lookers aren't needed at all. They just need to take the time to step outside, and they will see how much fun they can have.
