The NFL has never been hotter--witness the \$21.4 billion it will rake in on the TV-rights deals now in place (not to mention its own network), the proliferation of football news and information and the game's booming popularity among sports fans, including the 23 million who read SPORTS ILLUSTRATED every week. These 320 pages capture, in breathtaking words and pictures, the essence of America's game: the players and

performances, the crucial moments and classic matchups, the enduring dynasties and unique characters that have made pro football the new national pastime.
