Developed in conjunction with a health practitioner and professor of anatomy, Joints of the Lower Extremities Anatomical Chart is designed to provide anatomical layered views that allow practitioners to explain health conditions and injuries to their patients

and clients. Chiropractors, massage therapists, orthopedists, and general practitioners will find the images valuable in the communication process. Images show key bones, muscles, tendons, ligaments, nerves, and arteries: Posterior Hip Anterior Hip and Thigh Posterior Knee Anterior Knee Medial Knee Lateral Knee Medial Ankle and Foot Lateral Ankle and Foot
