Stedman's Medical Terminology Flash Cards, Second Edition contains 800 flash cards made up of prefixes, suffixes, and root words to help users learn the building blocks of medical terminology. Each form is presented on the front of the card, and the definition and word building samples appear on the back. This edition features a new full-color design with specialties color-coded and illustrations added to cards. Any student of medical terminology, or any student in nursing, health professions or medicine will value this quick, easy format for assessing their medical terminology knowledge. A companion website includes an audio pronunciation glossary and a question bank, including multiple choice, fill-in-the-blank, spelling bee, matching exercises, figure labeling, and medical records based questions.
