The Nikon D3 is not just a refined version of the D2x, it is an altogether new, more capable camera and its incredibly usable and sophisticated system is a force to be reckoned with. "The Expanded Guide to the Nikon D3" is fully comprehensive and will empower photographers to make best use of the array of functions and features this system has to offer, with superior results. It also includes a quick reference card so the camera controls can be easily familiarised yourself with the camera controls at any time.
