As every intelligent aviator knows, the skies have no room for mistakes. Don't be caught with an out-of-date edition of the FAR/AIM. In the current state of aviation regulations, there is simply no excuse for ignorance. In this newest edition of one of the Federal Aviation Administration's most important books, all regulations, procedures, and illustrations are brought up-to-date to reflect current FAA data. With nearly 1,000 pages, this reference book is an indispensable resource for members of the aviation community.
