Anyone who regularly deals with work-related writing deadlines knows the kind of paralysis that can take over when there's too much to accomplish and not enough time to compose a clear sentence. This book contains an easy, efficient, and confidence-building process for keeping up and being productive, even under tight time constraints and concentration-sapping obstacles. The book contains an immediately usable approach based on the mnemonic DASH, standing for the four critical components most needed for writers working under pressure. Filled with helpful tools and time-saving techniques, this indispensable guide reveals how anyone can break through writer's block and write faster and better.
