"Get Involved!" explores the world of social activism. Each fascinating book will inspire children to learn about the rights all humans have as well as their responsibilities for the world, its peoples, and animals. 'Special Field Notes' sections bring the words of

prominent activists to life. 'Get Active!' boxes encourage exploration and research, and offer everyday ways to become a positive force for peacefully changing the world. In many countries, people do not receive basic rights, such as the right to freedom of expression or the right to equality. This clearly written book examines the history of human rights. Learn how activists have fought for a human rights declaration at the United Nations, and how activists often suffer for their beliefs.
