Video training on demand, for everyone who wants to succeed with Windows 7: a

complete video course containing 100 step-by-step screencasts! * Start-to-finish personal training on Windows 7 by one of the world's leading experts: just watch and learn! * Simple, quick video walkthroughs and practical examples guide users through making the most of the Windows 7 user experience - painlessly! * Great classroom training at a fraction of the cost...for everyone who doesn't have time to read a book In Windows 7: Video LiveLessons, J. Peter Bruzzese presents more than six hours of personalized Windows 7 video training - 100 quick, bite-size video lessons that teach virtually every essential skill Windows 7 users want and need. You can build your skills one step at a time, by simply watching these polished, upbeat videos. Bruzzese begins by touring Windows 7, introducing everything from shortcut keys to Sidebar gadgets; then covers everything from user account control and network setup to Windows Media Player and MovieMaker. He walks through essential tasks like sharing files and making system backups, and presents dozens of tips and tricks that can be used by anyone, including novices. Through these quick, self-contained lessons, you can learn key skills at your own pace - often in as little as five minutes. Every lesson begins with well-defined learning objectives, and ends with easy-to-understand summaries that help you track your progress. Like all products in the highly successful LiveLessons series, Windows 7 LiveLessons responds to the growing marketplace demand for just-in-time training delivered visually, by leading industry experts. It delivers the power of the best classroom training at a small fraction of the cost, and is designed to appeal to the enormous audience of professionals and consumers who want to master Windows 7 but don't have time to read a large book on the subject!
