Inspirational Presence is an invitation to create a new generation of leaders who are willing to challenge their ways of seeing the world and the people within it. These leaders will be appreciative of the global implications of their thoughts and actions, and know how to create profound change in themselves and in others. The methods and models presented in Inspirational Presence tap into models of collaborative change and learning, as well as presenting current learnings in emotional intelligence and its deep impact on teams and organizations. Leaders will learn how to use Five Competencies for Transformation in ways that inspire and empower others. They can explore the difference between transformational and transactional leadership styles, and see a model that simplifies the difference. By understanding how people engage change, leaders can know which of their actions create the most compelling draws into the future and how to present their ideas.
