Bucky has survived his first major trial as the new Captain America, but now a villain from his past - both as Bucky in WW2 and as the Winter Soldier during the Cold War - has come to the U.S. and he'll have to face his history just as he's finding his feet in the present. The beginning of a gripping war and espionage tale, with some familiar faces for long-term Cap readers, as the New Captain America moves further into the Marvel U. Collects Captain America #43-48.
