Learning Flex 4 provides step-by-step lessons to help beginners create Rich Internet Applications (RIAs) with Flex immediately. Written by Yahoo!'s resident Flex guru, Alaric Cole, this book offers you a hands-on approach to discovering exactly how Flex works.

You'll learn the critical new features of Flex 4, such as user interface design, skinning, and other aspects aimed squarely at designers -- including the way Flex integrates with the design tools in Adobe's Creative Suite.
