isbn:9780596803704

If you've got your hands on this year's hottest new smartphone, you'll want the book that covers it inside and out - "Palm Pre: The Missing Manual". This beautiful, full-color book from "USA Today" personal-technology columnist Ed Baig will help you go from newcomer to expert in no time. The maker of the legendary Palm Pilot is back on center stage with a smartphone that lets you browse the Web, listen to music, watch video, view pictures, and a lot more. "Palm Pre: The Missing Manual" provides you with everything you need to know to get the most out of this amazing mobile tool. It helps you: get to know the touchscreen, and learn to navigate by tapping, swiping, dragging, flicking, and pinching; link your contacts, merge calendars, combine email accounts, and more by syncing your phone over the Web; stay in touch with other people by using the Pre as a full-featured phone and organizer; use it for email, texting, chatting, and as an efficient web browser; take advantage of the Pre as a complete media center to store, sort, play, stream music and video, and sync with iTunes; and, take and view photos, import images, and share them with others.
