Bookshelves are filled with warm and fuzzy titles authored by psychologists and family counselors. Their message is to teach how to listen to each other and improve the relationship. "Before You Say I Do, Again " is not a how to book to get back together or to stay together. Instead it takes the gloves off and provides insight as to the issues one must consider before walking down the aisle a second time. Tackling a serious subject, but presented in a sometimes whimsical fashion, "Before You Say I Do, Again ' puts the brakes on the wedding ceremony and provides the reader with the questions that must be answered before you drive down the path of destruction.
