Providing a well-rounded presentation of the constitution and evolution of civil rights

in the United States, this book will be useful for students and academics with an interest in civil rights, race and the law. Abraham L Davis and Barbara Luck Graham's purpose is: to give an overview of the Supreme Court and its rulings with regard to issues of equality and civil rights; to bring law, political science and history into the discussion of civil rights and the Supreme Court; to incorporate the politically disadvantaged and the human component into the discussion; to stimulate discussion among students; and to provide a text that cultivates competence in reading actual Supreme Court cases.
