A pocket-sized self-test book designed for junior doctors. It features not only multiple choice questions, but also case histories, questions on ECGs, data interpretation, x-ray and picture questions. The range of subjects covered is comprehensive and the answers informative and unambiguous. Designed for junior doctors, Self Assessment in Accident and Emergency Medicine features not only MCQs but also case histories, questions on ECGs, data interpretation, X-ray and picture questions. The range of subjects covered is comprehensive, covering all the common problems encountered in the Accident and Emergency Department. Also included are the rarer conditions which many inexperienced doctors find difficult to diagnose. This entertaining and informative guide provides a convenient way of acquiring information and testing knowledge for all doctors working in A&E. It will also become an indispensable study aid for candidates for the Accident and Emergency Fellowship and the Accident and Emergency Faculty exams.
