Take a lesson in fingerstyle blues guitar from one of the world's most respected teacher/performers. All you need to know is how to play a few basic chords to get

started playing along with this user-friendly book/audio package. Beginning with the most basic strumming of a 12-bar blues pattern, Happy gradually starts adding fills, runs, turnarounds, bass rhythms and "boogie woogie" walking bass patterns that make the basic blues progression come alive All of these elements are notated in both standard notation and tablature.
