Explore the lifelong psychological impact of war and violence on children. This book should stab the conscience of the world. No one can read its gripping account of the terrifying impact on children of modern war and remain unchanged. - George McGovern, former U.S. Senator, South Dakota and 1972 Democratic presidential nominee

乌曼写了前言。内文的话，毕竟是十几年前的书了，里面的很多情况现在大概也不一样了。案例还是比较感人，我想现在一定比以前更糟，这个世界从来就没有变好过。 Doing without understanding can lead to disaster. Knowing without doing is obscene.
