Pub: Gollancz

Genre: Fantastic Fiction

## Content

The continuing adventures of Rhapsody, The Brother, Grunthor three of the most engaging characters of modern fantasy will take the reader ever further into the extraordinarily imagined, complex and exciting world of Elizabeth Haydon's landmark fantasy series. This is a series that spans epochs of time in a richly imagined, carefully

thought out wholly entrancing world. Haydon is unusual in her ability to create great characters, original slants on fantasy standards and cohesive imaginary worlds. This is the standout fantasy series of the early 21st century.

## Review

Requiem for the Sun is the standalone sequel to the USA Today-bestselling Rhapsody trilogy (Rhapsody , Prophecy , and Destiny ). This novel will please fans of Elizabeth Haydon's high-fantasy series, but it may confuse newcomers because numerous characters from the trilogy return, and most are introduced in the book's early pages.

In the peace following the events of the trilogy, the singer Rhapsody believes she and her husband, the part-dragon Lord Cymrian, can at last start a family. Meanwhile, the assassin-king Achmed seeks to rebuild Canrif, his mountain capital. Then Lord Cymrian rejects Rhapsody's heart's desire; the giant Sergeant-Major Grunthor hears the earth itself screaming; the Dowager Empress of Sorbold, a realm of deep magic, dies under suspicious circumstances; and a powerful unknown enemy, as ancient and youthful as Rhapsody, seeks stealthily to steal her for himself. --Cynthia Ward
