出版时间:2000-1

装帧:

isbn:9780534563769

This reader gives a fascinating behind-the-scenes look at groundbreaking research, showing you what the process was really like and how the outcomes often differed from the researchers' expectations. For the first time, you receive a first-hand perspective from the researchers themselves. The reader, organized by type of

methodology, offers commentary about varying research approaches, research design, the process of measurement, and the concepts of reliability and validity.
