Beginning where the foundational truth of Desiring God left off, that "God is most glorified in us when we are most satisfied in Him," this expanded rerelease of another classic by John Piper will further explore a life-changing essential -- "We will be most satisfied in God when we know why God himself is most satisfied in God." Fully understanding the joy of God will draw the reader into an encounter with His overflowing, self-replenishing, all-encompassing grace -- the source of living water that all Christians desire to drink. The Pleasures of God will again put God at the center of Creation and leave the reader very satisfied in Him.
