"Mice are gentle. Mice are sweet. Mice have tiny hands and feet." These are just three of the reasons why mice are nice. The other pets in Babette's pet store will drop feathers everywhere, growl, hide inside their shells, chew up your socks, and maybe even make you sneeze! So it's clear that mice are the only pet you will ever need. With its rhyming text and animal fun, this Step into Reading Step 1 book is sure to please. Full color.
