To celebrate the 15th anniversary of "Skinnybones", bestselling author Barbara Park is bringing the text up to date for '90's kids. For the smallest kid on his baseball team, Alex "Skinnybones" Frankovitch sure has the biggest mouth! But even Alex knows he's gone too far when he brags his way into a battle of skills with T.J. Stoner, a cocky Little League legend with a perfect pitching record. Can blabbermouth Alex talk his way out of this mess?
