In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. A new introduction reviews the most recent scholarship on Jesus and its implications for both history, and theology.

A very good survey on the historical background of early Jesus movement, grounded in careful literary analysis of the NT literature and cultural-historical construction of the Greco-Roman world. Also her demonstration of the distinction between historical Jesus and Christ of faith is quite good.
