This new edition of Arnold Rhodes's *The Mighty Acts of God* is an essential tool for learning more about the Bible. The original volume, which has been well-loved as a guide for Bible study, has been carefully revised by W. Eugene March to incorporate the most up-to-date historical and theological research. From the beginnings of creation to final consummation and hope, readers will find the same easily readable quality as in the first edition along with helpful questions for either group or individual study.
