It is often said that the greater Los Angeles area is the largest movie set in the world. Film and television series filming sites are, however, located all over the United States. This guidebook documents over 1500 locations where 1,106 movies and 48 television series have been filmed. Arranged by state and then alphabetically by movie title, each entry includes the year of release, the two main stars, a plot line and a description of the location. Filming sites located in Los Angeles are excluded. All sites are accessible to the public. The indexes make it possible to quickly locate a favorite star, favorite movie or favorite location.
