This multidisciplinary work re-examines issues of aging with dignity and spiritual meaning. *Aging, Spirituality, and Pastoral Care: A Multi-National Perspective* brings together chaplains, pastors, counsellors, and health care practitioners in all walks of gerontology from around the world to present a fully rounded picture of the spiritual needs and potentialities of this fast-growing population. It also includes a study of the spiritual awareness of nurses working in six different nursing homes, as well as a model for a parish nursing practice that focuses on the aged. *Aging, Spirituality, and Pastoral Care* addresses urgent issues for older people, including: - social and spiritual isolation - the wisdom of the aging - the need for intimacy sexuality among older people - living with dementia - the spiritual dimensions of caregiving.
