When the Fancher Company rides through town, Dan Storm learns that his old enemy, Dick Boggs, is traveling with them. However, at the insistence of Porter Rockwell, Storm leaves the territory to scout out a force of U.S. troops who set out from the East to unseat Brigham Young and install a new governor. When he later finds out that Boggs and the rest of the company are headed south - toward his home in American Fork - Storm sets out to protect his family from Boggs, but arrives too late. Furious, Storm joins the Gosiute chief Ike in trailing Boggs and the rest of the Fancher Company to Mountain Meadows, where an unusual sequence of events triggers one of the bloodiest massacres in the history of the American West. A beautiful blind woman, the kidnapping of two little girls, a frantic chase through the Utah wilderness, and an unanticipated romance make this one of the most intriguing historical novels of Western LDS history.
