"I wrote this to help you survive the dissolution of your marriage without the financial ruin most people face, " says Judge Stewart. His wise guidance shows readers how to: establish realistic expectations about divorce; find and hire a good attorney; control

their attorney's actions and fees; use mediation and/or arbitration effectively; protect children during difficult times. Contents include: Why Divorce in California Is So Expensive; Hiring an Attorney; Bypassing the Public Courts; Terminating a Marriage Without Financial Disaster; Shopping for a Judge; Child Custody; Child Support; Spousal Support; Protecting Your Physical and Emotional Safety.
