So begins this charming question-and-answer story as each animal -- from the mouse to the bear -- tells us what it will do and where it will go when the snow starts to fall from the sky. Phyllis Gershator's chant-along verse encourages listener participation. The inquisitive text and dashing illustrations by Martin Matje make this a delightful

picture book for reading under the covers when the weather gets chilly. Poetic and imaginative, When It Starts to Snow celebrates winter in all its cozy glory.
