Feminism and postcolonialism are allies, and the impressive selection of writings

brought together in this volume demonstrate how fruitful that alliance can be. Reina Lewis and Sara Mills have assembled a brilliant selection of thinkers, organizing them into six categories: "Gendering Colonialism and Postcolonialism/Radicalizing Feminism," "Rethinking Whiteness," "Redefining the 'Third World' Subject," "Sexuality and Sexual Rights," "Harem and the Veil," and "Gender and Post/colonial Relations." A bibliography complements the wide-ranging essays. This is the ideal volume for any reader interested in the development of postcoloniality and feminist thought.
