If you still haven't tried this fun and easy technique, here is your chance to have a go at creating attractive greetings cards using decorative tea bag papers. This book covers everything from tea bag folding to making your own tea bag paper designs. Kim

Reygate shows how to make cards for all occasions using both shop bought and handmade tea bag paper designs. The shop bought papers have a variety of fun designs including flowers, teapots, hats and more. Kim demonstrates how to create your own tea bag paper designs by using rubber stamps and paper punches. Packed with exciting ideas, practical information and step-by-step projects, this book will appeal to all those who love paper crafts and stamping and who like to combine different materials and techniques.
