著者:Reynolds, Betty

出版者:Weatherhill Inc

出版时间:2003-1

装帧:平装

isbn:9780834805361

Following up on *Clueless in Tokyo*, this colorful sequel continues the author's adventures in the seemingly strange and wonderful culture of Japan. Amusing cartoons and succinct descriptions clarify and explain even the most bizarre of cultural oddities. From the restaurant to the bathroom, from the street to the temple, this artist brings Japan home for any bewildered Westerner. This sketchbook, like its precursor, is a user-friendly primer for anyone traveling to Japan or studying the Japanese language.
