This is a unique reference resource for study of the theological ideas developed in the early church period. Patristic theology is the theology of Christian writers up to the ninth century which became formative for succeeding centuries of Christianity. This handbook provides easy access to these leading theological understandings. The Westminster Handbook to Christian Theology series provides a set of resources for the study of historic and contemporary theological movements and Christian theologians. These books are intended to help students and scholars find concise and accurate treatments of important theological terms.
