Dear Listener, Unless you are a slug, a sea anemone, or mildew, you probably prefer

not to be damp. You might also prefer not to listen to this audiobook, in which the Baudelaire siblings descend into the depths of despair, underwater. The horrors they encounter are too numerous to list, and include mushrooms, a mechanical monster, a distressing message from a lost friend, and tap dancing. I also shouldn't mention the features of the interactive CD, which include: | Perplexing word games | Photos from The Lemony Snicket Archives | | Art from The Brett Helquist gallery | As a dedicated author who has pledged to keep recording the depressing story of the Baudelaires, I must continue to delve deep into the cavernous depths of the orphans' lives. You, on the other hand, may delve into some happier audiobook in order to keep your ears and your spirits from being dampened. With all due respect, Lemony Snicket
