This chart shows cross-section of the eye, provides lateral and top view of the eye, and shows the visual field. It also illustrates anterior chamber angle, lens, retina, fundus and the macula lutea. Three dimensions let you feel texture and form. Three-dimensional images, bold titles, and clear, easy-to-read labels make it easy and fun to learn about the body. The durable, lightweight, non-toxic, recyclable plastic will last indefinitely. The chart has a hole at the top for easy wall hanging, and will also stand up on an easel.
